START-UP NATION CENTRAL

Start-Up Nation Central is an independent non-profit that builds bridges to Israeli innovation. The organization connects business, government, and NGO leaders from around the world to Israeli innovation, through highly customized business engagements, and through Start-Up Nation Finder – an easy to use, up-to-date, free online platform for discovering and connecting with thousands of relevant innovators. The organization identifies technological sectors with high-growth potential, and helps them develop to maturity; exposing them to global audiences, helping them develop practical tools, attracting investors, and establishing and nurturing tech communities to increase collaboration, knowledge-sharing, and skill expansion.

CounterCorona  
Harnessing Tech to Combat COVID

HealthIL is the ultimate marketplace for collaboration and partnerships between health organizations, startups, tech companies, investors, academia, government and the entire digital health ecosystem. We are driven by challenge-centric innovation - understanding the needs and challenges as a starting point for successful implementation of technologies. HealthIL (Formerly known as BeWell.il), a joint venture of the Israel Innovation Institute, Israel's Ministry of Economy and Digital Israel at the Ministry of Social Equality.
