**Important Announcement to All Passengers Travelling via Vande
Bharat Mission Special Flight
(New Delhi to Tel Aviv & Tel Aviv – New Delhi – Kochi)**

As per the directives of Ministry of Transportation, Israel, with immediate effect **all passengers** on international flights **arriving to or departing from Israel** must complete a digital process through the Israeli Ministry of Health website, **not more than 24 hours prior to their flight.**

Digital process on the Israeli MOH website

The digital process for international passengers is composed of the following steps:

Step 1: Completion of personal identification details form – mandatory requirement for all passengers arriving to or departing from Israel.

Step 2: Completion of passenger locator form – mandatory requirement only for ***non-Israeli passengers*** applying for entry into Israel.

Step 3: Digitally signing a health status statement – mandatory requirement for all passengers arriving to or departing from Israel.

The digital process on the Israeli MOH website can be found in the following links:

- Departing passengers (English) – <https://go.gov.il/depart-from-israel-en>
- Arriving passengers (English) – <https://go.gov.il/entry-to-israel-en>
- Departing passengers (Hebrew) – <https://go.gov.il/depart-from-israel>
- Arriving passengers (Hebrew) – <https://go.gov.il/entry-to-israel>

Following a completion of the digital process the passenger will be provided with an electronic approval directly to their email address as provided by them at the personal identification details form.

- All passengers are required to present their electronic approval to the air operator's representative before boarding their flight.
- In addition - All passengers departing from Israel will be required to present this electronic authorization at the entrance to the terminal building at Tel-Aviv Ben-Gurion airport.
- All non-Israeli passengers who enter Israel will be required to present their electronic authorization to the immigration control officer at Tel-Aviv Ben-Gurion airport.
