

Embassy of India in Israel- Business Opportunity for Indian Companies – Tel Aviv Metropolitan Metro Program | INFRA #2 Pre-Qualification

The Embassy is pleased to bring to the attention of relevant Indian companies the publication of the **Pre-Qualification (PQ) process for the INFRA #2 Tender**, as part of the **Tel Aviv Metropolitan Metro Program**, one of Israel's largest and most significant transport infrastructure projects.

The Tel Aviv Metropolitan Metro Program comprises **three metro lines spanning approximately 150 km and 109 stations** and represents a major long-term investment in the development of Israel's mass transit infrastructure.

The scope of the **INFRA #2** includes:

- Station and tunnel fit-out works;
- Track and rail systems;
- Electromechanical systems;
- Signaling and train control systems;
- Rolling stock and depots; and
- Operation and maintenance of the metro lines.

Given India's extensive experience and proven capabilities in the development and execution of **large-scale metro, railway, rolling stock, signaling, engineering and transport infrastructure projects**, the Embassy encourages experienced and qualified Indian companies to examine this opportunity and consider participating in the Pre-Qualification process.

Interested companies are invited to review the official PQ requirements, eligibility criteria and tender documentation published by **NTA – Metropolitan Mass Transit System Ltd.**, the government company responsible for the planning and implementation of the Tel Aviv Metropolitan Metro Program:

Official INFRA #2 PQ: Published Date: 24/8/2026 -Last Bids Date: 18/1/2027
